301	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	1:06	16:00:00:00	16:01:21:17
	In my new book, Rule by Secrecy, says Marrs; I deal with who really runs the planet. I've found that a wealthy elite, buried within secret societies, is making the economic decisions that control the planet. Economics runs the world.			
302	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	1:33	16:01;21:17	16:03:09:27
	We should be concerned about these people who control our lives because they have the power to start and stop wars, as in the case of Viet Nam, for example.			
303	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	1:31	16:03:09:27	16:07:19:01
	The secret societies know about the past history of the planet; know about the true age of the pyramids and Sphinx: which is thousands of years older that we are being taught. Keeping this knowledge to themselves is power.			
304	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	2:09	16:04:55:19	16:07:19:01
	The mass media, according to Marrs, is tightly controlled by controlling its distribution. "They can't tell how to think, but they can set the agenda on what we think about".			
305	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	2:10	16:07:19:01	16:09:44:00
	Most of us are not concerned with globalization and economics; it's too complex. But we'd better start paying attention, warns Marrs, because we are being pushed into it by secrecy and deceit. The real question is; if they do achieve global power, who will be in charge?

	On the bright side, we have the Internet where everybody can have access to proliferate information. But we cannot trust the corporate-controlled news media to tell us what's going on, says Marrs. The news is not slanted in the best interest of the public.

307	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	01:18	16:10:32:20	16:12:32:20
	Most of us think the name America originated with the Italian mapmaker, Amerigo Vespucci, says Marrs. But it most likely came from the hidden knowledge of the Knights Templar, who knew that to travel to that fabulous land across the sea, you followed a western star known as "L'America".			
308	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	02:55	16:12:32:20	16:15:42:12
	The greatest conspiracy of all, claims Marrs, is the people who conspire to start wars. Look at Desert Storm. The US defeated the fourth largest military force in the world, then just before its conclusion, the war just stopped! It goes back to Korea, Viet Nam and Kosovo, as a test of our tolerance to be involved in vague, no-win wars. The reason is money. The banks get profits when the loan the money to re-build.			
309	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	01:32	16:15:42:12	16:17:29:26
	The news media can sway public opinions, as with the gun issue. Anti-gun stories are reported widely, but anyone speaking up for private gun ownership is painted in a bad light. We better be wary, warns Marrs, of the day when the private citizen no longer owns guns: then we will have no means to oppose the ruling powers should they get out of control.			
310	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	01:46	16:17:29:26	16:19:30:28
	Another conspiracy is the introduction of tungsten bullets in the military to replace lead. We are told the reason is the toxicity of lead. But the real reason, according to Marrs, is that tungsten bullets will be so expensive that only the elite will be able to afford them, rendering our regular guns obsolete.

	<p>The threat of communism, promoted by McCarthy and others, was not quite accurate, says Marrs. It was the Wall Street Capitalists that created communism in the first place. Lenin and Trotsky were funded by Western Capitalists and sent to Russia to create the communist government for economic reasons.</p>

312	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	01:14	16:21:41:02	16:23:10:17
	The Federal Reserve Bank is a misnomer. It is not actually owned by the Federal Government, but by a group of private banks, says Marrs. Some of these are not even American banks, he says, so how can we think that their motives are in the best interests of Americans?			
313	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	3:22	16:23:10:17	16:26:47:14
	I don't want people to believe what I say, insists Marrs. I ask them to think for themselves. As citizens we have much more power than we realize. But unless we know it, we won't use it. An example is the two-party system: the fact is we don't have to vote for either party offered.			
314	Jim Marrs /author "Alien Agenda" and "Rule by Secrecy"	01:28	17:26:47:14	16:28:30:23
	Marrs advocates that we start thinking for ourselves, and read alternative sources of information to keep well informed. We can then recognize when the major media is slanting the information in a way that serves businesses but not the people.			

801	Louise Platt Hauck / Author "Heart Links"	01:04	17:00:00:00	17:01:19:03
	Hauck explains that we are becoming a multi-dimensional species. She believes all of us are evolving to the point of becoming psychically aware of the world and that this awareness will allow us to realize the full potential of the human being.			
802	Louise Platt Hauck / Author "Heart Links"	3:25	17:01:19:03	17:05:04:09
	Hauck explains why it is important to be able to perceive other dimensions. She tells how all time happens simultaneously and that by understanding this, we can transform our futures. She also comments on how to improve our relationship with the universe and how to read the messages it is constantly sending us. She points out that synchronicities are the universe's way of saying you are on the right track.
